- **Objective**

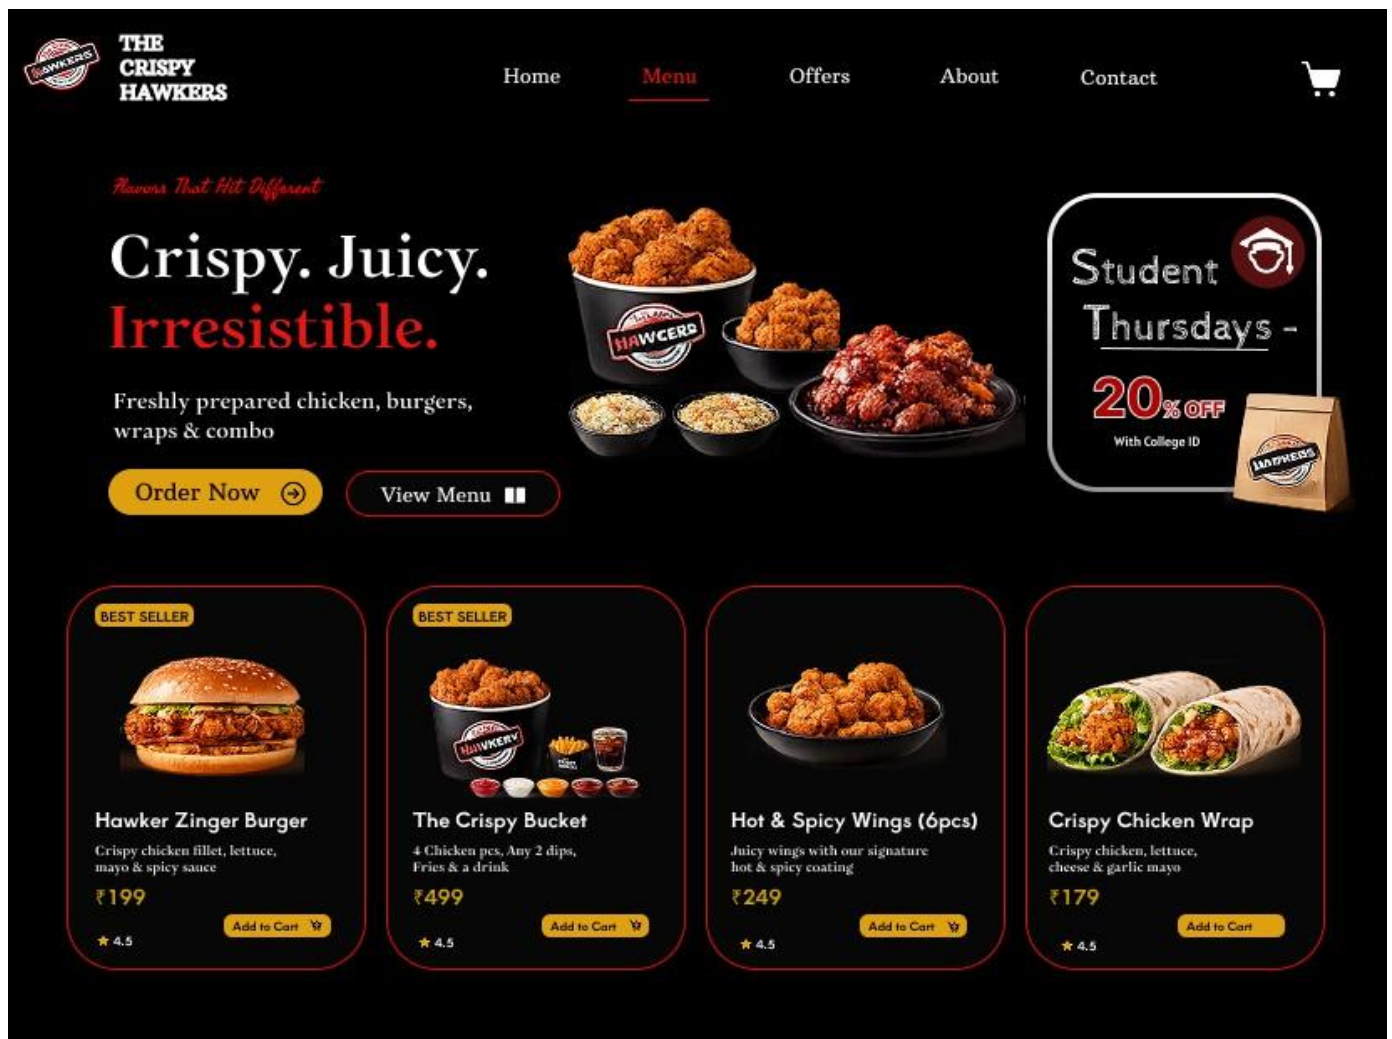

This is an unsolicited UI/UX concept created for learning and portfolio purposes. The goal was to explore a cleaner, more engaging menu experience while respecting the existing brand identity.

## My Redesign Concept

### • Key Design Changes

- Cleaner first impression with a stronger hero section and clearer call-to-action buttons.
- Easier menu browsing using structured food cards, pricing, and 'Best Seller' highlights.
- Better visibility for promotional offers such as Student Thursdays.
- Modern, responsive layout designed for a smoother browsing experience across desktop and mobile devices.
